

GENERAL FLOWER INFORMATION

Sweetfields flowers are real flowers grown with organic principles on the Sweetfields 33-acre farm. After they are harvested, they are candied with one of the following patent-pending finishes: SweetCrystal™, SweetGlaze™, or SweetDust™. Because the flowers are a product of nature, no two are alike and they will range in colors and sizes! The following grid provides an overview of the colors and sizes for each flower type. Trays are packed with a variety of colors and sizes unless special ordered for a specific color and/or size. Additional charges apply for custom color/size selections.

	COLOR & SIZE PROFILE	SWEETCRYSTAL™ IMAGE	SWEETGLAZE™ IMAGE	GOLD SWEETDUST™ IMAGE
VIOLAS	<u>Colors:</u> Shades of orange, yellow, purple/bluish purple, and white/cream. <u>Sizes:</u> Range from 3/4" to 1-3/4" measured from top of flower to bottom.
